Work Experience

Tech Extensor Pvt. Ltd.   Oct 2024 – Currently
Web Intern   *Ahemdabad, Gujarat*

- Currently learning C sharp and the .NET framework while working on a live project, gaining practical experience in real-world software development, and understanding how the industry operates.
- Demonstrated an understanding of software engineering principles and best practices through successful completion of training modules and examinations.

Netlink Software Pvt. Ltd.   May 2024 – June 2024
Frontend and Java Developer Intern   *Bhopal, Madhya Pradesh*

- Worked on interactive web applications using React, enhancing user experience and functionality.
- Formulated complex visual programming interfaces utilizing Rete.js, enabling users to create and manipulate data flows intuitively.

Projects

Book Author App Github

- Developed an app where users can register as authors, upload their books, and allow others to read and download them.
- Features include: registration, login, photo and book PDF upload, and download functionality.
- Tech Stack :- HTML, CSS, Tailwind CSS, JS, NodeJS, ExpressJS, MongoDB.

Invoice Generator App Github

- Developed an Invoice Generator App to facilitate easy creation of shop bills.
- Users can substitute traditional hard copy bills with digital ones generated by the app.
- Tech Stack :- HTML, CSS, Tailwind CSS, JS, NodeJS, ExpressJS, MongoDB.

Keep Notes Github

- Develop a Keep Notes application that allows users to create, update, and delete short and important notes.
- Ensure the application provides an intuitive interface for managing notes efficiently.
- Tech Stack :- NodeJs, ExpressJs, MongoDB, EJS, Tailwind CSS.
